QMCert

A STRONG BASE OF HIGH QUALITY

Our Services

Consulting

Our experts have an extensive experience in certification processes both in the Russian and in the European market. We track and inform our customers about all changes of Russian's Legislation. Our key account managers make our service different compared to other providers.

Trainings

Seminars and in-house training from our qualified experts provide insights to our clients about the specific markets. The market is not complicated if the someone is familiar with it. Face-to face meetings offer the opportunity to discuss styles and compositions that are not allowed, or explain failed results from the Lab to our clients.

Project Management

Project management is our strongest advantage as it provides „added value “ to our clients. A big team of accredited GOST experts, assistants, and technical specialists provide a „triple check working principle“. An intense daily collaboration with our partners helps provide the solution which suits the needs of each client and guarantees the highest possible rate of correctness.
