

NEWSLETTER BY QUALITY MANAGEMENT CERTIFICATION

1. INSPECTION CONTROL

Inspection Control is carried out by the certification body that has issued the certificate of conformity (CoC). There is no need of inspection control for declaration of conformity (DoC).

The certification body performs Inspection Control during the whole validity period of the TR Certificate(s). In particular, if the validity period of Certificate is three years, the Inspection Control must be conducted for the 2nd and 3rd year of validity. The purpose of the Inspection Control is to re-confirm that the certified products still meet the requirements also in the next years of production. The inspection control for textile products is to be done in form of **re-testing of product samples** in an accredited testing laboratory every year of validity.

If the owner of a certificates evades or refuses to carry out or pay for the Inspection Control, the certification body may decide to suspend or cancel the certificate of conformity. Starting from January 2020 Certification Body has criminal responsibility in case there is no Inspection Control has been performed. The certificate of conformity will also be canceled if the results of the inspection control are not conformed.
